

Zoom App Instructions

Here are the instructions for setting up Zoom. If you have used Zoom in the past you have most likely used the “meeting ID” feature. Instead we use the “Meet & Chat” function. Please take a minute to review the directions and please reach out if you have any questions or issues.

1. Download the zoom app from zoom.us/download or from the app store. There are several names for it depending on your device. Many will see “Zoom Client for Meetings” or “Zoom Cloud Meetings.” This is a free app and comes from Zoom.us
2. Sign up for a free account. You will need to verify your account through an e-mail link. By clicking the link you are brought to their website to select your password.
3. Close out the website and login through the app.
4. E-mail your login e-mail to info@letsplaymusic.com.
5. Your teacher will send you invite to be added a contact. You can also add your teacher by clicking + on the contacts menu and entering your teacher’s email.
6. Once this is done, your teacher will video call you at your regularly scheduled lesson time. For technical assistance, call 603 425-7575 or email info@letsplaymusic.com and we will reach out to you.

IMPORTANT! If student is a minor, this account must be set up and owned by a parent or guardian over 18 and permission to use the account given to the minor.
